

Seminar Report

Careers in Networking, DevOps, and Cybersecurity

10- June 2025

The Department of Computer Science, NAM College Kallikkandy, in association with Synnefo Solutions, Kochi, organized a seminar on "Careers in Networking, DevOps, and Cybersecurity" on 10th January 2025. The event aimed to provide students with insights into career opportunities and the latest advancements in these critical fields of technology.

The seminar was formally inaugurated by Dr. Shameer A P, Head of the Department of Computer Science, who emphasized the importance of networking, DevOps, and cybersecurity in the rapidly evolving IT industry. Dr. Haseeb V V , Assistant Professor, chaired the session, underlining the relevance of hands-on experience and skill development for students aiming to excel in the tech domain.

The function was graced by felicitations from prominent faculty members, including Sri Muhammed Shafi P, Dr. Minimol V K, and Sri Firdouse N, who shared their perspectives on the growing demand for professionals in networking, DevOps, and cybersecurity.

The highlight of the seminar was the keynote presentation by Sri Rahul P R, a Senior DevOps Engineer from Synnefo Solutions. He delivered an engaging and informative session, where he:

- Provided an overview of career opportunities in networking, DevOps, and cybersecurity.
- Demonstrated key hardware components used in IT infrastructure.
- Conducted hands-on training sessions to give students practical exposure to tools and techniques in these fields.
- Interacted with students, addressing their queries and sharing his industry experience.

The session received overwhelmingly positive feedback from students, who expressed great interest in exploring careers in hardware, networking, and related areas. The practical demonstrations and hands-on training were particularly appreciated, as they provided valuable insights into real-world applications.

The seminar concluded with a vote of thanks, acknowledging the contributions of the Department of Computer Science, Synnefo Solutions, and all participants. Overall, the event was a resounding success, inspiring students to explore and pursue opportunities in networking, DevOps, and cybersecurity.
