Empowering Young Minds Through Technology!
Hands on Training for School Students
Date: 04 January 2025

The Department of Computer Science organized a hands-on training program for school students as part of its extension activities on 04 January 2025. The program aimed to introduce young learners to essential computer skills, foster creativity, and provide a foundational understanding of technology in an engaging and interactive manner.

The program was inaugurated by Dr. T. Majeesh, Principal of the college, and was chaired by Dr. Shameer A. P., Head of the Department of Computer Science. Sri. Firdouse N extended a warm welcome to the gathering. Smt. Indu C, Headmistress of North Vayalalam L.P. School, along with teachers Smt. Shyma V, Smt. Sheeja T.S., and Sri. Amal Raj V.R., felicitated the function. The hands-on training program was designed to provide practical exposure to computer basics and technology applications. A total of 50 students from North Vayalalam L.P. School, Kuttimakkool, Thalassery, actively participated in the event.

Sri. Firdouse N, Assistant Professor in the Department of Computer Science, conducted an engaging session for the students. He covered the following topics:

- Introduction to using a mouse and keyboard.
- Explanation and demonstration of hardware components.
- Introduction to various software applications.
- Understanding file management (opening, saving, and organizing files).
- Digital drawing using Microsoft Paint.
- Basic tips on online safety.

Each student was provided with an individual computer, ensuring an immersive hands-on learning experience. The students enthusiastically participated in all activities and demonstrated keen interest in learning new skills. Their creativity shone through in tasks like digital storytelling and drawing.

The students were enthusiastic and demonstrated keen interest in learning new skills. Their creativity was evident in activities like digital storytelling and drawing. Teachers from the participating school appreciated the initiative, acknowledging its role in equipping students with essential digital skills.

The feedback from students and teachers was highly encouraging. Many participants expressed their excitement about the hands-on training, and teachers emphasized the importance of continuing such programs in the future.

The hands-on training program successfully achieved its objective of introducing foundational computer skills to young students. It fostered creativity, curiosity, and confidence in using technology. The program served as a meaningful extension activity, strengthening the connection between the Department of Computer Science and the local community.

The Department of Computer Science extends its gratitude to the teachers and students of North Vayalalam L.P. School for their enthusiastic participation.
